Our Promise...

We are your Reliable Network of Trusted Advisors. *Rely on Us.*

Trusted Advisors

Our knowledgeable team can assist in navigating today's changing healthcare landscape through:

- *Revenue Enhancement*
- *Cost Containment*
- *Staff Training and Support*
- *Practice Education*
- *Technology*

Price Integrity

We are highly competitive with our pricing and strive to maintain prices through the development of purchasing plans, GPO programs, and by delivering the best value for your practice.

Guaranteed Fast Delivery

Orders received by 5 PM local time are shipped the same day. Your products arrive within 24–48 hours in most areas.

Vaccines, Pharmaceuticals, and Diagnostics

We supply every adult and pediatric vaccine recommended by the ACIP. In addition, we can fulfill your flu vaccine needs with our Worry-Free Guarantee Influenza Vaccine Program. Our pharmaceutical and diagnostic solutions include brand names, a complete line of generics, and Henry Schein Brand options.

Practice Solutions

A complete array of services, from Technology Solutions to Practice Marketing, is available to help you achieve your practice goals.

Did you know that we have over **80 Ways** *to provide added value to your practice? To learn more visit:* **www.henryschein.com/80ways**

Henry Schein Cares

We are helping health happen by expanding access to care for at-risk and underserved populations.

In 2012, our Healthy Lifestyles, Healthy Communities program provided free health screenings to 7,500 children and their caregivers in 6 U.S. cities.

Our 2013 screening events are going strong and we need your support to continue our program.

To make a donation or learn more about our programs, visit: ***www.hscaresfoundation.org***

BD Veritor™ System

- Proven performance vs. PCR
- Unique Adaptive Read Technology provides reproducibility you can count on
- Easy-to-read digital display eliminates subjective interpretation and delivers the "Trusted Answer"
- Convenient workflow with minimal hands-on time

#256055, BD Veritor™ System Reader (992-0003).....ea

A rapid chromatographic immunoassay for use with symptomatic patients. This CLIA-waived kit is to be used with the BD Veritor System Reader to test nasal and nasopharyngeal swab samples that are freshly collected, processed and dispensed directly onto an assay test device.

#256045, CLIA-waived BD Veritor™ System Flu A+B Kit (992-0002) .....30 tests/pkg

CPT® Codes: Influenza A: 87804QW† / Influenza B: 87804-59†; Using the Objective and Differentiated Reader System: 87999†

The BD Veritor™ System RSV Kit is a chromatographic immunoassay with an instrumented read for the direct and qualitative detection of RSV fusion protein from nasopharyngeal wash, aspirate and swab in transport media samples from patients suspected of having a viral respiratory infection. This test is intended for in vitro diagnostic use to aid in the diagnosis of RSV infections in infants and pediatric patients under the age of 20 years. Moderately complex.

#256042, BD Veritor™ System RSV Kit (992-0005) 30/box

small package
BIG REVOLUTION

It will change the way you view rapid testing...

- **Proven Performance vs PCR —** PCR is currently the highest sensitivity standard available
- **Reproducibility You Can Count On —** Unique Adaptive Read Technology helps reduce false-positive results

- **Results You Can Trust—** Easy-to-read digital display eliminates subjective interpretation
- **Convenient Workflow—** Testing requires minimal hands-on time

Searching for a Strep A test you can rely on?

Recently, some rapid Strep A tests made in China have had quality challenges forcing you to find other tests. With flu and strep season just around the corner, you need to be ready with a strep test that won't let you down. Our **OSOM® Strep A** and **OSOM® Ultra Strep A Tests** provide excellent sensitivity in an easy-to-use dipstick format. The 50-test kits include two additional test sticks to run external QC. Performance, reliability, online training anytime, and exceptional value — made in the USA… **awesome, yes OSOM®.**

Making FIT Happen

The Inconvenience and Mess of Fecal Occult Blood Tests Are Over

InSure® FIT™ Fecal Immunochemical Test for Early Detection

InSure® FIT™ is the sensible take-home multiple sample method made simple, quick, and easy for you and your patients. It features the only patented, water-based collection method with two samples on one test card meeting American Cancer Society Guidelines* for Colorectal Cancer Screening.

Unlike other FOBTs that require fecal handling and test-card smears, InSure® FIT™ is the one test with no mess. With a gentle brushing of the stool in water, InSure® FIT™ provides 87% sensitivity and 98% specificity for colorectal cancer. What's more, this unique, convenient method promotes high patient compliance.

Help Your Patients Get FIT and Stay Healthy

For a limited time, InSure® FIT™ Sample and Educational Packages are available for you to trial FREE. To learn more about how you can make FIT happen, contact your InSure® FIT™ Representative, visit www.insuretest.com, or call 1.800.531.3681.

*The American Cancer Society recommends for people over 50 a multiple sample method for take home FOBT or FIT screening test; FOBT or FIT testing done during a digital rectal exam in the doctor's office is not recommended.

Manufactured by Enterix Inc., Edison, NJ 08837 USA, a Quest Diagnostics Company. Quest, Quest Diagnostics, the associated logo and all associated Quest Diagnostics marks are the trademarks of Quest Diagnostics. Copyright © 2013, Enterix Inc. All rights reserved. InSure® FIT™ is a trademark of Enterix Inc. For *in vitro* diagnostic use. ENTAd01/2013

InSure® FIT™ Fecal Immunochemical Tests (FIT)

Test provides high sensitivity and ease of use with a simple, water-based collection method designed to be more patient-friendly. The patented brush sampling replaces unpleasant fecal collection or smearing. No dietary or medicinal restrictions, enhanced specificity and sensitivity for more productive colonoscopies. The InSure® FIT™ is based on the immunochemical detection of human hemoglobin (Hb) as an indicator of blood in the stool. The assay uses a monoclonal antibody to capture Hb on a test strip during test development. Since globin does not survive passage through the upper gastrointestinal (GI) tract, the presence of globin in the stool indicates bleeding in the colon or rectum. Clinical studies have demonstrated high sensitivity and specificity of the InSure® FIT™ test in colorectal cancer screening.

- 87% sensitivity for colorectal cancer*
- 98% specificity*
- 66% increase in patient compliance vs. a guaiac-based fecal occult blood test (gFOBT) was found in one study*
- No handling/smearing of dry, solid fecal materials*

#90030, Combo Kit 25/25
(450-0009).....ea

Contains: 25 test strips, 1–9-mL bottle of run buffer & 25 patient collection kits.

SIEMENS
CLINITEK Status+ Urine Analyzer

Provides convenient point-of-care testing with improved data integrity for more confidence in the results. Simple, fast, and accurate testing produces a result in about 60 seconds. Status analyzer can process basic urine strips, ratio tests, and hCG cassette tests. Full alphanumeric keyboard, easy-to-use touch-screen display, and automatic strip identification make this unit convenient to use. Eliminates need for visual reading, timing errors, and transcription errors. Memory to store 950 patient records. Future-ready for EMR when you are.

#1780
(795-0055) .....ea

SIEMENS
Clinitest® hCG Pregnancy Tests

hCG test cassette for use with the CLINITEK Status® Analyzer.

Flo-Med 1100™ Precision Uroflowmetry System by Henry Schein® Medical

What is the Flo-Med 1100 by Henry Schein?

It is a simple, non-invasive diagnostic screening device used to calculate the flow rate of urine over time. This aids in diagnosis of bladder and sphincter function as well as prostate conditions.

- Easy to use (hygienic & convenient)
- Height adjustable
- Battery operated
- Wireless communication to laptop iPad, or other PDA (hardware capable)
- CPT 51741†
- Compact/portable
- One-touch technology
- Easy calibration
- PDF can easily be stored into an EHR

System Requirements:
Windows 7, XP, Vista
Hardwire compatible with PCL5 Printer

(112-5811)
Flo-Med Precision Uroflowmetry System, 1 Unit
(112-5812)
Flo-Med Cup & Funnel Disposables, 24/Sets

Other accessories such as Laptops and printers are available separately.

HENRY SCHEIN®
Urispec® Plus Urinalysis Reader & Urispec® 11-Way Urine Strip Promotion

- CLIA-waived
- Readings eliminate subjectivity of visual color interpretation, which makes urinalysis simpler and more reliable
- Features no-touch operation: After strip placement, measurement starts automatically, which makes urinalysis faster and more hygienic
- Easy switch between different test strips: Urispec Plus is for use with Henry Schein Brand Urispec 11-Way, 5-Way Plus, 4-Way, and GP+A urine test strips

(900-7507) .....ea

Contains: 1 Urispec Plus Urinalysis Reader & 12 bottles of Urispec 11-Way Urine Strips.

HENRY SCHEIN®
URISPEC® 5-WAY PLUS URINE REAGENT TEST STRIPS

- Tests for glucose, blood, protein, nitrite, leukocytes, and urobilinogen
- Strips for visual read or for use with the Henry Schein One-Step Plus Urinalysis Reader only

(900-7508) 100/btl

HENRY SCHEIN®
URISPEC™ PRO 2 GP URINE STRIPS
Strips for Visual Read
Tests for glucose and protein.

(900-4996) 100/btl

HENRY SCHEIN®
URISPEC™ 5 OB URINE STRIPS
Strips for Visual Read
Tests for glucose, protein, blood, nitrites, and leukocytes.

(900-4995) 100/btl

HENRY SCHEIN®
URISPEC™ 11-WAY URINE REAGENT TEST STRIPS

For urinalysis by the dip-and-read technique. Similar to all Multistix® 10 SG Plus Ascorbic Acid. Tests for glucose, bilirubin, ketone, specific gravity, blood, pH, protein, urobilinogen, nitrite, and leukocytes. Also includes additional ascorbic acid analyte pad. The importance of the addition of an ascorbic acid analyte pad is that the glucose test must be repeated if the ascorbic acid reaction is positive. An ascorbic acid content of as little as 5 mg/dL (0.3 mmol) can interfere with a glucose assay in low concentrations. As with glucose detection, blood detection is also disturbed by low concentrations of ascorbic acid, whereas high ascorbic acid concentrations can interfere with the nitrate and bilirubin test zones.

- Unique “read all” feature at 60 seconds
- Similar to Multistix® 10 SG Plus Ascorbic Acid Test and all brands of 10 SG products
- Glucose, bilirubin, ketone, specific gravity, blood, pH, protein, urobilinogen, nitrite, and leukocytes
- Reader available
- Ascorbic acid pad to ensure uncompromised results
- Room-temperature storage

(102-2285) 100/btl

Diamond™ White Glass Microscope Slides

Clearly Superior.

Diamond™ White Glass Microscope Slides are super high quality slides that compare to the top brands . . . but at substantial savings. Our slides are produced from water white glass sheets and are so clear . . . ***you will see the sample not the slide.***

Diamond™ White Glass Microscope Slides are ideal for all routine applications, automated instruments, long-term storage, fluorescence studies and where accuracy and the highest optical quality are of paramount importance.

Available in plain, frosted, color coded, charged and instrument specific versions. All slides are double cellophane packaged to protect against moisture and foreign particles.

HORIBA Medical

HEMOCUE

Glucose 201 Analyzer

The HemoCue Glucose Systems are based on a glucose-dehydrogenase method and consist of a small, dedicated analyzer and a unique, disposable microcuvette. They will produce lab-accurate results for diagnosing or monitoring diabetes, as well as monitoring neonatal blood glucose levels.

- More accurate and 68% higher reimbursement than glucose meters
- FDA-compliant unit when screening and diagnosing
- Analyzer: 0–444 mg/dL (0–24.6 mmol/L)
- Only 5 µL of capillary, venous, or arterial blood is needed
- No inherent limitations related to hematocrit or known drug interferences
- No recalibration needed between cuvette lots
- 2-year warranty

#120706, Analyzer

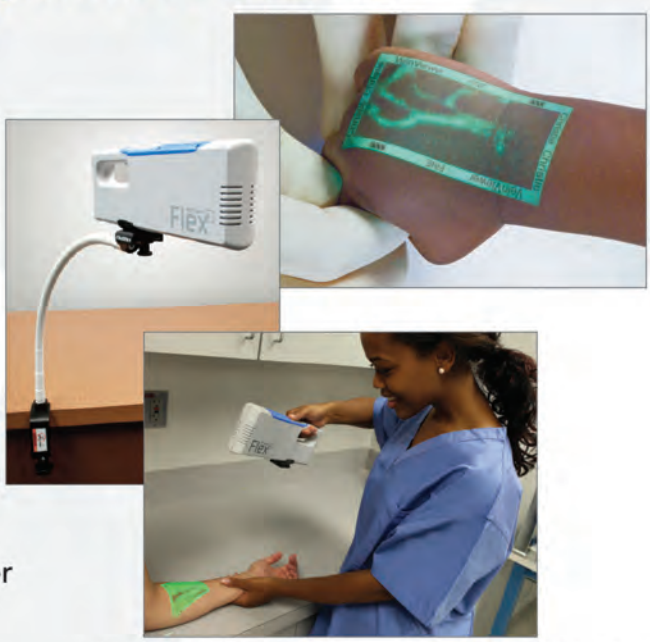
VeinViewer Flex

Better vein identification equals greater IV success.

VeinViewer Flex allows the clinician to see through the skin, rapidly assess veins and choose the best access site.

- See veins **up to 10mm**
- **Digital vein image** projected directly on the surface of the skin
- Effective for patients of **all skin tones, ages and weight**
- **Detect valves** and bifurcations and help assess IV patency; **potentially avoid infiltrations**
- Mounting options provide **hands-free usage**
- **No consumables** and no contact to patient



The same type of clinically proven VeinViewer technology hospitals have trusted for years.

To learn more visit **www.VeinViewerFlex.com**

Exclusively sold through Henry Schein® in the non-acute market.

BD Helping all people live healthy lives

Contact your local Henry Schein sales representative at 800-772-4346, or visit **www.bd.com/Flu2013** for more details. Offer valid on purchases **August 1 - November 30, 2013**. Note that Promotion Claim form will also be attached to your Henry Schein invoice when product is ordered.

The value of any rebates, discounts, incentives or product provided at no charge to customer may constitute a "discount or other reduction in price" under Section 1128B(b)(3)(A) of the Social Security Act [42 U.S.C. Sec. 1320a-7b(b)(3)(A)]. Customer shall satisfy any and all requirements imposed on buyers relating to discounts or reductions in price, including, when required by law, to disclose all discounts or other reductions in price received from BD and to accurately report under any state or federal health care program the net cost actually paid by customer. Limited to 22 free boxes per customer and location. Only available to alternate site (non-acute care) customers.

That's how fast it works!

Pain Ease® is the ONLY instant, multi-use topical anesthetic.

Your patients no longer have to fret the needle or fear minor surgeries. Put patients at ease with Gebauer's Pain Ease,® the world's first fast, topical anesthetic skin refrigerant for multiple uses that temporarily controls pain and anxiety in as few as 4 to 10 seconds* flat.

- multi-use, so can be applied to intact skin, minor open wounds, and intact oral mucous membranes
- nondrug, nonflammable formula
- may be used by any licensed healthcare practitioner without the order of a physician

IMPORTANT RISK AND SAFETY INFORMATION:

Published clinical trial results support the use in children three years of age and older. Do not use on large areas of damaged skin, puncture wounds, animal bites or serious wounds. Do not spray in eyes. Over spraying may cause frostbite. Freezing may alter skin pigmentation. Use caution when using product on diabetics or persons with poor circulation. Apply only to intact oral mucous membranes. Do not use on genital mucous membranes. The thawing process may be painful and freezing may lower resistance to infection and delay healing. If skin irritation develops, discontinue use. Rx only.

Announcing SurGuard®3 Safety Needles from Terumo

With 3 ways to activate and a broader range of sizes than most other brands, SurGuard®3 is the industry's most adaptable safety needle. Add separate thumb and finger grips, unequalled sharpness,* and competitive pricing, and you'll understand why we say SurGuard®3 is the one needle that fits *every* clinician's style.

Plus, SurGuard®3 has the sharpest needles among major brands tested*

- 10% sharper than similar leading brand needles
- More comfortable injections for patients

Bottom line: No matter what you're looking for in a needle, you're looking for SurGuard®3.

FIGHT ALLERGIES AND SUPPORT BREAST CANCER RESEARCH EVERY TIME YOU WEAR IT.

Micro-Touch® NitraFree™ is unlike any other nitrile exam glove. It provides powerful protection against Type I latex allergies – *and* reduces the potential for Type IV chemical accelerator*-based allergies. It's also FDA approved for handling chemotherapy drugs. And every time you wear it, proceeds go to Susan G. Komen for the Cure†. No other pink glove does so much to protect healthcare practitioners – and women across the world.

For samples and more details, call us at 800-952-9916, and to share your story about how you or your loved ones have been touched by breast cancer, visit ansell.com/powerofpink.

HENRY SCHEIN®

EAR LOOP PROCEDURAL FACE MASKS

Light, comfortable masks for extended wear when necessary. Ear loops are made from special stretch yarn: no irritating rubber or plastic touches the skin. Three-ply, glass-free filter media is surrounded by soft, nonirritating inner and outer facing. Full-width flexible nosepiece provides fit and security. Manufactured to exceed all current ASTMF 2100-07 standards. Latex-free.

Masks 50/box

Care with Confidence: It's easy with TIDI

Present a professional image, put patients at ease, and provide reliable infection control–all with disposable convenience. Specify single-use products from TIDI Products.

Leak-proof poly backing adds super strength for extra barrier protection and reduced cleanup time.

Convenient perforated tear-off feature keeps changes neat.

Exam Table Paper

The ultimate in strength *and* softness, these table paper options are ideal for any exam, including those that involve fluids.

- Leak-proof poly backing for super strength and fast, easy cleanup
- Crepe and embossed crepe options for extra softness and quiet comfort
- Optional perforations every 30 inches for neat, convenient changing

CODE	DESCRIPTION	COLOR	SIZE	CASE QTY.
895-3911	Embossed crepe, perforated	White	18" x 100'	12
895-6321	Embossed crepe, perforated	White	21" x 100'	12

DDS500

DDS 500
LUMBAR TRACTION LSO

Traction in the lumbar spine is created upon inflation of the **DDS 500** by anchoring up underneath the ribcage pushing upwards and down against the pelvic girdle pushing downwards. This action stretches the torso and can significantly reduce pressure within the lumbar spine while assisting active rehabilitation.

Add DDS to your line of products and earn extra income!

HENRY SCHEIN®

SYNTHETIC CAST PADDING

Non-Sterile, 4-yd Rolls

Made of synthetic fibers, this cast padding provides a safe environment under a hard cast and a comfortable feel for the patient. Allows patients to swim, shower, or bathe. Repels water and dries rapidly. Retains consistency under wet or dry conditions and conforms to all body contours. Works with synthetic or plaster casting material.

Webril® Undercast Padding

100% Cotton, 4-yd Rolls

Cotton fibers provide soft, natural cushioning. Retains consistency, either wet or dry. Conforms to all body contours. Offers a combination of mild stretch and cohesiveness to hold padding in place without shifting or bunching. Ideal for synthetic or plaster casting material. Sterile (soft) blister pouch is perfect for postoperative casting applications.

Ideal for use with synthetic and plaster casting material. Retains consistency wet and dry. Conforms to all body contours. Combination of mild stretch and cohesiveness holds padding in place without shifting or bunching.

SHIFT

TO THE POINT OF CARE.

Focus less on devices and recordkeeping – and more on the patient.

It's time to shift the focus, re-think the traditional and streamline the clinical workflow. The Midmark 625 Barrier-Free® Exam Table with IQhub™ and IQscale™ simplifies the process of gathering and recording your patients' vitals and other diagnostic data, keeping EMRs up to date and error free.

For more information, call **1-866-827-5921** or visit **midmark.com/ScheinCold.**

IQscale™

- Weighs patients quickly, efficiently and discreetly.
- Run scale functions from the table's all-in-one handheld control.
- Send data to the EMR with the push of a button.

IQhub™

- Connect digital diagnostic devices like the IQecg® and IQspiro® at the point of care.
- Port diagnostic data directly to a computer with speed and accuracy.

IQvitals®

- Improve efficiency and reduce transcription errors with automated capture of blood pressure, temperature, SpO_2 and pulse rate

Midmark Corporation, Versailles OH USA

MIDMARK®

Because we care.

Connectivity solutions that work.

IQvitals® improves efficiency and reduces transcription errors with automated capture of blood pressure, temperature, SpO_2 and pulse rate.

IQvitals®

- Intuitive touch screen user interface
- Seamless connectivity with leading EHR/EMRs or IQmanager®
- Lightweight and portable
- Long battery life
- SpO_2 and digital scale options

For more information, call 1-866-840-3294 or visit **midmark.com/DiagnosticsCold.**

BURDICK

Burdick® Atria 8500 ECG

This 12-lead resting portable ECG/EKG shows you what you need, comfortably. Features a friendly user interface, multiangle 7" widescreen, and a color display that makes reading waveform data easy. Protocol choices streamline your workflow.

Benefits:

- *Convenience.* Export records to network drives, USB, or EMRs. Store up to 300 ECG records
- *Connectivity.* Comes with Ethernet connectivity as a standard feature. It's compatible with wireless 802.11, and has bidirectional communication with our HeartCentrix® connectivity solution
- *Ease of use.* The easy-to-clean keyboard, dedicated function keys, intuitive menu, and on-screen QuickTips make it easy to use
- *Performance.* The AccuPrint™ feature restricts ECG printing if 10-second data quality is poor, ensuring a clear printout and eliminating retakes
- *Pediatric applications.* The optional interpretation package lets you calculate interpretations down to a 1-day-old infant
- *Flexibility.* The unit manually or automatically produces high quality 3-, 4-, 6-, and 12-lead ECG printouts
- *Durability.* Known for its legendary durability and dependability, Burdick is the preferred name in digital ECGs, for practices and clinics
- *Primary or acute care use.* The interpretation package provides a choice of brief or full-format statements (including reason statements)

#769 Electronic Column Scale with BMI Function and Height Rod

Versatile, low-maintenance, battery-operated scale is perfect for your patients. Moves easily on transport casters. Nonslip platform surface guarantees a safe foothold.

- Capacity: 450 lb
- Graduation: 0.2 lb
- Functions: automatic switch off, tare, hold, BMI, and lb/kg switch over
- Transport casters
- Base dimensions 3"H x 11½"W x 11¾"D
- Runs on 4 AA batteries

(108-3824).....ea

seca

#284 EMR Compatible Weigh Station

The Seca 284 features high weighing capacity, a heel positioner and a solid headpiece with integrated seca Frankfurt Line for precise positioning of patient's head. Moreover, the complete measuring station has two displays. One display is for direct readout of height from the headpiece, and the other is a 3-line multifunction touch display for simultaneous display of height, weight and BMI. Fine 1/10-lb graduation and high capacity of 660 lb. Large height measurement range from 11" to 87".

seca

#222 Mechanical Telescopic Stadiometer

This full-length model is wall mounted, extends to the floor, and comes with a foot plate for increased stability. Additionally, this stadiometer—made from sturdy anodized aluminum —has an additional 4" head plate to ensure further accuracy. Because it telescopes up to eye level, readings will become easier.

- Measuring range: 2½" – 90½"/6 cm – 230 cm Graduations: ⅛" x 1 mm

HENRY SCHEIN®
PRO PLUS SERIES CLOCKFACE ANEROIDS
Latex-Free

Each aneroid features:

- Large, easy-to-read 6" luminescent dial for high visibility in virtually any light condition
- 300mm-Hg, CE marked, no-pin stop movement withstands the heaviest use
- Inflation system includes black nylon cuff, latex inflation bladder, bulb and valve, and 8' length (when extended) of coiled latex tubing
- Contemporary Euro-style ivory casing complements any decor
- Complete with all necessary hardware and assembly instructions
- Available in wall or mobile configurations
- Assembled, inspected, and packaged in the USA from foreign components

Wall Aneroid also includes:

- Wall bracket that swivels through 110° rotation for easy viewing with integral cuff storage

Mobile Aneroid also features:

- Height-adjustable Spider-Leg™ caster stand with range of 34" to 48" (from bottom of base to top of unit)
- Integral ABS cuff-storage compartment
- Manometer is angled back 15° for easy viewing
- 18" base diameter

AED Pro® Automated External Defibrillator

This external defibrillator provides advanced capabilities for BLS and ALS users with innovative Real CPR Help® technology for rate and depth of chest compressions. The See-Thru CPR® capability filters CPR chest compressions, displaying the underlying cardiac rhythm. The AED Pro is unmatched in its ruggedness and durability and is ideal for any environment.

- Available as semiautomatic only or semiautomatic with manual override for ALS professionals
- Built-in internal memory and external USB memory technology allows expanded data storage capacity and maximum flexibility for data management and transfer
- Electrodes and battery compatibility with ZOLL M Series®, E Series®, and R Series® professional defibrillators
- ECG monitoring with 3-lead cable and high-quality display
- Unrivaled battery options (long-life disposable or rechargeable) that meet specific needs

(869-6270).....ea

ZOLL AED Plus®

Bringing Lifesaving Defibrillation to Everyone

The only AED with CPR feedback and an ECG waveform. By supporting CPR as well as defibrillation, this device can help every unresponsive victim. Features Real CPR Help®, a tool that is able to actually see what user is doing and provides audio and visual prompts to help them do it with confidence and clarity.

- Provides a one-piece electrode for accurate placement
- Uses consumer lithium batteries that are easy to replace, long-lasting, and inexpensive

Panasonic Under-Counter Refrigerators and Freezers

Perfect for VACCINE STORAGE

Panasonic

Panasonic undercounters feature stable temperature and uniformity with convenient door mounted temperature controls for the demanding standards of clinical, life science, and pharmaceutical industries.

The compact design allows for easy installation under counter, counter top, or within the knee-well of laboratory cabinetry.

Some models are stackable
www.panasonic.com/biomedical

- Door mounted microprocessor controller and interior forced air circulation
- Safe and secured storage behind a keyed locking door and optional padlock hasp
- Integrated alarm functions, remote alarm contacts and monitoring probe access port
- Optional accessory: Dickson vaccine temperature monitor (MM-125, pictured)

WarmTouch™ Convective Warming System

WarmTouch™ Blankets

- Strong 2-ply material that resists tears, punctures and fluids
- Die-cut holes and quilted design provide even airflow and flexibility
- Blankets contour to the patient's body so the blanket stays in place

WarmTouch™ Convective Warming Unit

- High airflow (55 CFM)
- "Boost" setting for patients needing fast, short-term warming
- Thick "memory hose" provides greater flexibility

Blowers are provided at no charge if the facility purchases 4 blankets per blower, per month

Together, We're Helping Health Happen

Through participation in our Calendar of Caring programs, our valued customers have helped raise over **$800,000** to help health happen!

Henry Schein Cares, our global corporate social responsibility program, is a source of pride for Team Schein Members around the world. Through many activities, we "help health happen" by expanding care to underserved populations.

One way our customers can assist the important work of Henry Schein Cares is through participating in our Calendar of Caring programs. Throughout the year, we offer special products for purchase, a portion of which will be donated to the Henry Schein Cares Foundation in support of health-related causes. *Together we can do more!*

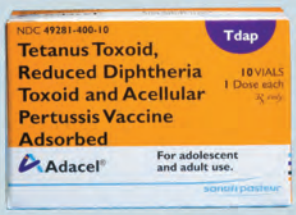
Despite high rates of reported pertussis in a recent decade, **vaccination** rates remain low.

The ACIP recommends Tdap vaccination for adults and adolescents, including healthcare providers



- Adults 19–64 years of age should receive a single dose of the Tdap booster, especially adults who have or anticipate close contact with infants <12 months of age
  — When possible, women should receive Tdap before becoming pregnant
- Adolescents 11–18 years of age should receive the Tdap booster, with the preferred age of vaccination at the 11–12 year visit
- Health-care providers in hospitals or ambulatory-care settings who have direct patient contact should receive a single dose of Tdap
- Tdap is preferred to Td for tetanus prophylaxis in wound management Source: www.cdc.gov

Henry Schein DxRx Hotline

The Henry Schein DxRx Hotline is a resource to assist medical professionals with various types of questions on diagnostics, pharmaceuticals, and vaccines that are purchased from Henry Schein. The hotline provides information on the following topics for diagnostics, pharmaceuticals, and vaccines:

- *Indications and usage as provided on a package insert*
- *Package inserts*
- *Brand to generic comparisons*
- *CPT Codes and J Codes**
- *ACIP recommendations for vaccinations*
- *State Law Requirements for School and Day Care Entry***
- *Latest updates on supply issues and much more*

The Henry Schein DxRx Hotline can be reached Monday – Friday, 8:30AM to 5:00PM EST at **1-877-523-SHOT** (7468), via E-mail at DxRxSolutions@henryschein.com, or via live chat with a representative on our Web site, www.henryschein.com/dxrxsolutions.

INTRODUCING

An Easier Way to Order Medication Samples

The Henry Schein Rx Samples Service is a free and secure online service that enables 500,000 eligible prescribers to order medication samples — easily and conveniently. This service is sponsored by leading pharmaceutical manufacturers, and is designed to meet your practice and patient sampling needs.*

The Henry Schein Rx Samples Service:

- ***Consistently receive your FULL allocation*** of select medication samples
- Is sponsored by major pharmaceutical manufacturers, so there is no expense to the practice
- Offers 100% compliance with pertinent regulations
- Ships samples directly to your practice via UPS for arrival within 4–6 business days
- Offers ***Recurring Request*** that makes re-ordering easy and keeps you in control of your inventory

Getting started is easy — samples are available now!

Go to **www.hsrxss.com** and click the "Check Eligibility & Register" button. Activate your account by completing basic user and shipping information. Once registration is complete, you can place your first order immediately.

Need assistance getting started or with placing your order?

E-mail us at: **henryscheinRxSamples@emedsample.com**

or call us toll-free at: **(866) 772-1580**.

HENRY SCHEIN Rx SAMPLES SERVICE

*Only eligible prescribers are able to enroll and order samples through the Henry Schein Rx Samples Program.

INCREASE REVENUE $20K PER MONTH THROUGH OBESITY CARE UNDER THE AFFORDABLE CARE ACT

Typical Insurance Patient

Insurance $40
Cash $0
Co-pay $20

$60 NET REVENUE PER VISIT

$204* NET REVENUE PER YEAR

Typical CMWL Obese Patient: Preventive Services Under the Affordable Care Act

NO DEDUCTIBLE NO CO-PAY

Insurance $105
Cash $67
Co-pay $0

$172 NET REVENUE PER VISIT

$4,472** NET REVENUE PER YEAR

With preventive services being a cornerstone of the Affordable Care Act, a 15 minute obesity preventive visit will generate, on average, $172 in net revenue with no deductible or co-payment. A practice looking to expand and increase revenue no longer needs to generate more new patients to their practice but can focus on the obese patients in their existing practice that they see daily for the 53 diseases related to obesity including hypertension, type II diabetes and cardiac disease. Contact us now to schedule an online presentation!
